

6th INTERNATIONAL
CONFERENCE
ON FOOD DIGESTION
GRANADA 2019

2nd - 4th of April

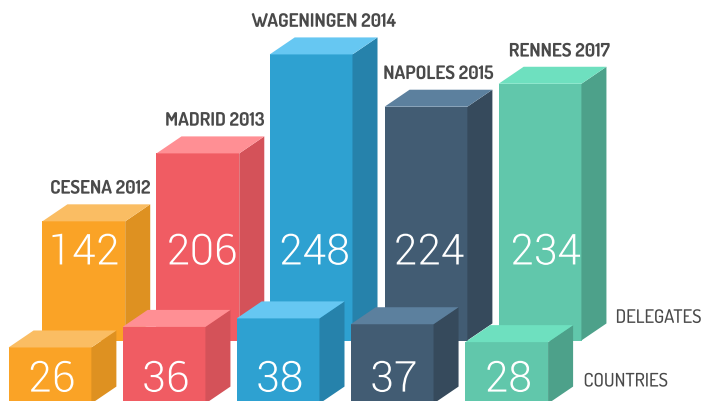

Granada Conference Centre

www.infogestgranada2019.com

The **International Conference on Food Digestion** is a major conference in the field of Food, Nutrition and Health organized in the frame of the **INFOGEST** research network. The first 5 editions of the conference were held in Cesena-Italy (2012), Madrid-Spain (2013), Wageningen-The Netherlands (2014), Naples-Italy (2015) and Rennes-France (2017). They gathered around 200 experts from academia and industry from more than 30 countries.

International Conference on Food Digestion Number of delegates and countries

The scientific programme will be organized around the following topics:

- Food structures and nutrient bioaccessibility/bioavailability.
- Design and characterization of functional foods.
- Oral processing and sensory properties of food.
- In vitro, in vivo and in silico models of digestion.
- Unravelling the mechanisms of food digestion.
- Effect of food on gut microbiota and, more broadly, on human health.
